MOONLIGHT PICNICKERS.

Two Parties of Young People Drive to Battle Ground.

Two parties of young people last evening enjoyed a moonlight drive to the Battle Ground. The first party, consisting of young ladies and gentlemen from north Greensboro, chaperoned by Mrs. W. B. Merrimon, left the city about 6 o'clock, carrying with them a delicious supper which was served, in the most pleasing manner, near Clyde Springs. After supper the merry party repaired to Lake Wilfong where they remained until 11:30 o'clock, when they started on the trip back home.

The second party, consisting of about sixteen bewitching young ladies and gallant young men, was from South Greensboro, and left the city about 8:30 o'clock. Remaining at the Battle Ground until about 10 they drove to the steel and iron works to witness the blast, and returned home about 12 o'clock.

Immense Crowds.

The immense crowns that visited our store the last two days and the great quantities of shoes we sold is proof that the people appreciate the tremendous bargains we are offering in fine foot-wear. This is positively the greatest cut price shoe sale of fine custom made shoes ever inaugurated in the state. If you find your size you will get first-class foot-wear at third class prices. You can't afford to miss the great shoe sale.

Of the Russian Bear At the Peace Conference.

By Cable to THE TELEGRAM.

The Hague, June 21—The first committee of the peace conference will tomorrow examine the first clause of the Russian circular concerning the non-increase of the military strength of the various powers and dimunition in the future of these forces and a decrease in the military budget. It seems that the czar has ordered his delegates to press the matter with all possible expedition, Russia offering, if necessary, to withdraw her new naval building. It is the scheme probably of Russia to tomorrow submit a plan decreasing her general military strength.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU }
HIGH POINT, N. C., June 21. }

A light was reflected in the heavens northwest of High Point last night about 8:30 o'clock which was supposed to be a fire in the neighborhood of the old Pickett place. We could not find any of the country people in town living that direction, consequently failed to get the particulars.

We learn that the house in Randleman in which the smallpox patient was confined will be burned today.

State Expert Dr. Caldwell, of Statesville, who was called to Randleman Sunday to examine the woman who has smallpox at that place, arrived on the Asheboro train last evening and boarded 7:12 for home. He found it to be a genuine case, so he says.

The first peaches of the season grown at home were on the market here yesterday. Wm. Sawyer, colored, was the lucky raiser and he realized a fair price for them. The fruit was extra large, ripe and juicy. W. E. Lewis secured all he had, which was three bushels.

One of our prominent citizens who has the cash in readiness, in speaking of the proposed cotton factory for High Point, before a crowd last evening said: "You can count on a cotton factory in High Point at an early date." Our business men don't generally talk on the factory line without they mean business.

High Point baseball nine will go on the Sunday school excursion tomorrow and will cross bats with the Raleigh nine on their diamond.

A jolly crowd of young folks composed of eighteen couples and chaperoned by several married people, went on a hay ride to Archdale last night. It was a surprise party to the home of Miss Emma King at that place.

The chief of police of Burlington passed through the city last evening enroute to Concord in response to a telegram announcing the capture of two men who are wanted by the authorities in Burlington for a shooting affray. The story is as follows: A young man residing in Burlington called on his best girl one night last week and on his way home was stoned by the above two men, whereupon he returned the missiles. One of the two men then drew a revolver and fired, the ball wounding the young man who was alone. They stopped here awhile Monday evening on their way south. Both rode wheels.

Just outside the city limits in a quiet and peaceful spot known as Snow's Park, where nothing will disturb the patient exiles save perhaps the hooting of the owl and the moaning noise of the highland mosquito, a rough weather-board structure will be erected, which will be used as a pest house, and several of our unfortunate railroad men, of the Asheboro division, will be domiciled within its gloomy walls for a period of days. The cause of all the trouble is coming in contact with a woman who has the smallpox while she was on the train enroute to Randleman, where she is now confined with that disease While it is believed that there is not any great danger from being so exposed to the plague, still it is a safe precaution to take the steps the board of health has taken.

IN THE NEXT CONGRESS.

Distribution of the Pie Being Discussed.

BRYAN WILL RECEIVE THE VOTE

Of the North Carolina Delegation At the National Convention, Thinks Mr. O. A. Robbins.

Special to THE TELEGRAM.

Washington, June 21—In view of the fact that the speakership contest has been settled by the assured election of General Henderson, there is considerable speculation as to the remainder of the organization of the next house of representatives. For most of the offices there will probably be no contest. As the clerk of the house will be an eastern man, there is but little doubt of the re-election of clerk McDowell, who is a Pennsylvanian. Door-keeper Glen and the chaplain will also probably be re-elected to their respective offices. The retention of the door-keeper will assure the pages, clerks of committees, and most of the other house employees of retention also. The only office for which there is likely to be a contest is for that of sergeant-at-arms. The present official is Benjamin E. Russell and it is thought by many congressmen that he also will be re-elected.

There is likely to be a complete reorganization of the senate at the beginning of the next congress. Col. Bright, the sergeant-at-arms of the senate may be retained, as he has many friends on the republican side of the chamber, but the belief as among most republican senators that he will have to give way to a republican official. There is one official on the senate side who will have to go. It is the secretary, General Cox, of North Carolina, who has served with credit and satisfaction for many years. His successor will be General James S. Clarkson, of Iowa, former first assistant postmaster-general, and at one time secretary of the republican national committee. General Clarkson is well known in republican politics, and is slated for the position of Gen. Cox when the republicans assume control of the senate.

Among Virginia people in Washington is Mr. A. Daingerfield, who is well known throughout the state. He says that Hon. W. A. Little is one of the best lawyers in the state, and has many friends who would like to see him elected to congress.

Mr. Little is a gold democrat, and this fact will be a hindrance to him in seeking the democratic nomination in the district, which is one of the strongest democratic in the state, and also one of the strongest silver sections in Virginia. Col. Jones, the present representative, who has served in congress longer than any other member of the Virginia delegation will be a candidate for re-election, and his friends believe that he will not be defeated. The opposition against him is mostly on the part of some of the Martin men, who wish to punish him for the prominent part which he took in the Richmond conference.

Mr. E. H. Kemper, assistant auditor of the Southern Railway and Mrs. Kemper left Alexandria, Virgina, Tuesday for a trip through New York state and Canada. During their absence they will visit the Thousand Isles, and other notable places in the vicinity.

Mr. O. A. Robbins, of North Carolina, was at the Metropolitan Hotel yesterday. He is of the opinion that the constitutional amendment will pass by a large majority. In speaking of politics he says that in his opinion North Carolina will send a Bryan delgation to the next national convention, and will instruct them for silver at the old ratio.

B. F. McGehee and brother, John McGehee, of Madison, N. C., are in the city on a business trip which will occupy them for a few days. They are registered at the St. James Hotel.

Postmasters have been appointed in North Carolina as follows:

Joseph T. Ware, Ashland, Caswell county; James P. Cockerham, Benham, Wilkes county; Silas Gordon, Delk, Stokes county.

James Hyde, of North Carolina, is registered at the St James Hotel.

Only Six Jail Birds.

The number of prisoners in Guilford county jail was less yesterday than it has been for many years, there being only six criminals behind the bars. Besides those sent to the roads and pen by the last court the terms of four women expired yesterday and Jailer Rees found himself holding the keys against a paltry half dozen. But it was destined not to stay that way long: Mayor Taylor sent up one woman for thirty days yesterday, and last night three more came in from Charlotte.

OFFICERS ELECTED

Of the Piedmont Savings Bank of Winston.

Special to the TELEGRAM.

Winston, N. C., June 21--The directors of the Piedmont Savings Bank met last night and elected the following officers:

President—Maj. T. J. Brown.
Vice President—O. B. Eaton.
Cashier—L. W. Pegram.
Attorney—Capt. D. P. Mast.

The officers of the new institution need no introduction to the citizens of Winston-Salem. They are well-known and have the confidence of the people.

Mr. Pegram was assistant cashier of the old First National Bank for many years and during his administration it did a large and successful business.

The directors elected W. A. Walker, C. C. Vaughn, R. M. McArthur and L. W. Pegram to select a room for the bank. D. A. King, P. H. Lybrook, J. O. Magruder, D. P. Mast and L. W. Pegram are to draft by-laws. The directors will meet at 5:30 Friday afternoon to hear reports from the above committees.

Three Negro Prisoners.

Deputy Marshal J. M. Bailey returned last night from Charlotte, where he has been attending federal court, bringing with him three negro prisoners who were sentenced to terms in the penitentiary, two for postoffice robbery and one for raising the figures on a one dollar bill to ten dollars. They were placed in Guilford jail to remain until tomorrow when their journey to Raleigh will be resumed.

Plentiful in the Country.

Rev. P J. Carraway returned to his home in Greensboro last evening. He preached at Farmington Sunday night. Dr. Carraway says spring chickens are plentiful in the country now—and they are much larger and nicer than the ones found in the towns. Spring lambs also make a tempting dish for Methodist preachers.—Winston Sentinel.

WEDNESDAY, JUNE 21, 1899.

THE FARMER'S CONDITION.

Before the Industrial Commission in session at Washington, which is investigating the agricultural conditions of the south, Mr. Polk Brown, president of the Agricultural Society of Georgia, was yesterday called as a witness. Mr. Brown agreed with Mr. Barrett, who testified yesterday, that the condition of agriculture in the south was more depressed than it had ever been. Continuing, he said:

More people were plowing barefooted and barebacked than ever before. He agreed with the late Henry Grady that the fault was not with the soil or the climate, nor, as many had claimed, was it entirely with the tariff. One of the most prolific causes of the trouble was in the fact that cotton was practically the only crop.

Education, he considered, was not sufficiently practical. It should teach people to do manual labor. So far as the colored race was concerned there was no opening for them in trade or the professions.

Mr. Brown dwelt on the presence of the negro as the special cause of the want of development of the south. He regarded him as retarding the industrial, normal, religious, social and agricultural development of the section, and he felt that if he were absent a better class of labor would take his place. The more the negro was paid the less efficient he was as a laborer. Mr Brown wanted the race separated from the whites and colonized either in this country or elsewhere in the interest of the southern states.

The great obstacle in the way of the development of the manufacturing interests was the want of money.

Mr. Brown advocated diversified crops, recommending that each community should raise sufficient of everything to meet its own demands.

At the afternoon session, the commission listened to a statement by Mr. P. H. Lovejoy, a merchant and planter of Hawkinsville, Ga. He spoke especially of the relations of the local merchants and the farmers. The merchants themselves had not been prosperous for several years. They were compelled to make the majority of their sales on credit, and had to take mortgages upon the land of the farmers if they had any, or on their crops if they had no land. Many of them were not able to give collateral of any value, and to such men sales were made, on large margins of profit.

"We size the man up," he said. "If he is good we sell to him on a small margin. If he is a hard case we take what he has and quit."

He said that freight rates from Georgia to New York were about twice what they are from New York to Georgia. The large cities were evidently being built up at the expense of the country. Even the watermelon crop was unfavorable.

"We have found that in shipping melons we pay the freight," he said "The railroads cut us out of profit in that business."

There is not the shadow of a doubt that the farmer's outlook is very discouraging. Tobacco brings very low prices, and cotton is hardly worth the raising. Other products are proportionately low. Farm labor is very poorly paid for the reason that the farmer employer doesn't realize enough from his crops to enable him to recompense his help. The agricultural man's horizon is not bright, and it continues to grow gloomier. Where can a remedy be found?

It is very true that the farmer himself is, in a large measure, to blame for his depleted state. By diversifying his crops, and endeavoring to raise at home those supplies which he goes abroad and pays cash for, and by attending closer to his business, and putting in more time upon his plantation, etc., he could better his situation remarkably. Above all the farmer should refrain from dabbling so much in politics, only to keep himself properly informed on the leading questions of the day, and by spending ten hours a day managing his crops and looking after the affairs of his home, which is the average length of the city man's labors, he would see a great increase in his income at the end of the year over what it now is.

But legislation has not been shaped to meet the ends of the agricultural people as it has for the some other classes. The farmer forms the foundation of all prosperous governments, and his welfare should be looked after even to the detriment of others.

The need is crying for a true statesman, with the genius to conceive and the ability to have enacted, salutary laws for his suffering country; a Lycurgis or a Jackson, a Solon or a Jefferson or a Vance.

The calamitous excursion season has begun. When a trainload of darkeys start off on a trip somebody's going to get hurt.

We regret that our High Point news failed to reach us in time for insertion yesterday. This has been the case more than once recently, and is probably due to the carelessness of the mail officials.

JEFFRIES AND SHARKEY.

Details of Fight Arranged and Articles of Agreement Signed.

New York, June 19—Articles of agreement to fight between Jeffries and Sharkey were drawn up and signed tonight at a protracted conference between Brady and O'Rourke at the the Manhattan Theatre. A crowd of sporting men were present. O'Rourke informed those in attendance that he had not received word from Sharkey since he went west, but had no doubt that Sharkey would abide by everything said and done. Brady, at the opening of the conference, said the only thing left unsettled at the last conference was the referee, the wearing of bandages on Sharkey's hands and the size of the ring.

Siler was agreed upon as referee. Brady conceded the privilege of allowing Sharkey to wear bandages. It was also agreed that the men could fight with one arm free when clinched, each to protect himself on the breakaway; that the ring be twenty feet; that the fight be limited to twenty-five rounds, five-ounce gloves; that it take place before the club offering the largest purse; the men to fight at catch-weights in a twenty-foot ring under Marquis of Queensbury rules; that At Smith be final stakholder. O'Rourke and Brady each deposited $2,500 to bind the match. Brady insisted on inserting a clause that neither man be eligible if defeated previous to the match, because O'Rourke thought it likely he would be able to arrange a fight between Sharkey and Fitzsimmons before October.

Brady said after the meeting that he had arranged with the representative of Charley Mitchell for a fight between Jeffries and Mitchell, the fight to take place in England August 15. Brady reserves the right of having an American referee. If this does not suit Mitchell, Brady says Jeffries will meet Jem Mace, who challenged Jeffries recently.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and $1. Guaranteed or price refunded.

INDIGESTION

Cured by Johnson's Dyspepsia Cure

"I suffered over two years with Indigestion and Nervous Dyspepsia, unable to eat or sleep. I tried several physicians and different remedies, but they only helped me for a short time. A friend advised me to take Johnson's Dyspepsia Cure. I have taken three boxes, and am now feeling better than I have for two years. Have a good appetite, sleep well and have none of the symptoms of Indigestion or Dyspepsia, while I have gained ten pounds in weight within a couple of months. I am taking pleasure in recommending Johnson's Dyspepsia Cure wherever I can, and several of my friends are taking it with marked results."—L. A. Arnold, Cinn.

SCANDAL IN HIGH LIFE.

Mrs. Chandos Pole Brings Suit For Divorce From Her Husband.

London, June 20—The hearing was commenced today of the application for divorce of the Mrs. Chandos Pole against Samuel Chandos Pole, whom she charges with cruelty and adultery with Miss Inez Broome, now the wife of the Hon. Rupert Cecil Craven, brother of the Earl of Craven, who married Miss Cornelia Bradley-Martin. The allegations are denied.

Extraordinary letters from the husband to his wife and mother-in-law, full of abuse, abominable language and threats, were read in court. Right Hon Edward Carson, Q. C., formerly solicitor general of Ireland, counsel for the petitioner, described in detail the connection between Mr. Chandos Pole and Miss Broome, who, it appears, he took to his home and introduced to his wife, who did not suspect them. The petitioner then testified in corroboration of the charges.

After other witnessness had furnished testimony tending to prove the intimacy between Mr. Pole and Miss Boome, the hearing was adjourned.

When life's autumn comes, women, worn out by the burdens and obligations of motherhood, yet shrink from that second "change of life" which will banish these burdens forever. They fear a change in form, in feature, in personal attractiveness, and that the lees of life will alone remain at the bottom of the cup of existence. Such fears are largely warranted by the effects which this change produces in many women. But no woman need let these fears fret her, who from the time of the first change of life, from girlhood to womanhood, has taken care to constantly keep her system in vigorous health.

Those who have used Dr. Pierce's Favorite Prescription do not suffer from the change of life either in face, form or feelings as do other women. This fact is due to the intimate connection of the general health with the health of the organs peculiarly feminine. By preserving the health of these organs, and relieving the system from the debilitating drains, ulcers and inflammations which sap its health, "Favorite Prescripton" paves the way for this natural change to come in Nature's way, without the loss of capacity to please others or the personal inability to enjoy life.

Mrs. M. Barnes, of Balls Ferry, Shasta Co., Cal., writes: "My physician said I was suffering from the effects of 'change of life.' I had heart disease and womb trouble and rheumatism. My head was so dizzy I could hardly stand up. When I began Dr. Pierce's medicines I improved right along. I took seven or eight bottles of the 'Favorite Prescription,' a teaspoonful three times a day, and the 'Pleasant Pellets' at night. I feel as well as I ever did."

There is no alcohol, whisky or other intoxicant in "Favorite Prescription," neither does it contain opium or other narcotics.

You may be willing that somebody else shall say that their baby is "just as good" as yours, but you don't want that baby substituted for yours. Let dealers say what they like about other medicines being "just as good" but don't let them substitute anything for "Favorite Prescription."

Dr. Pierce's Pleasant Pellets cleanse the clogged system of impurities.

WINE OF CARDUI

Woman Knows Woman.

ZURICH, KAN., Jan. 31.

I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

MRS. V. M. BOISVERT.

McELREE'S
Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman **knows.** Mrs. Boisvert **knows.** She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it. **They know.** They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

Cholera Morbus Quickly Cured.

"During the hot weather last summer I had a severe attack of cholora morbus, necessitating my leaving my business," says Mr. C. A. Hare, of Hare Bros., Fincastle, Ohio. "After taking two or three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy I was completely relieved and in a few hours was able to resume my work in the store. I sincerely recommend it to any one afflicted with stomach or bowel trouble. C. E. Holton, druggist.

Out of Prison.

Paris, June 20—Comte de Dion and Comte D'Aubigny, who were sentenced on June 16th to two week's imprisonment, and to pay a fine of 100 francs, after having been convicted of complicity in the disturbances at Auteuill, on June 4th, were released from prison today.

A Mother's Duty is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

has stood at the apex of all shampoo washes, while the "HAIR GROWER" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, biliousness, sick-headache, indigestion or other stomach or liver troubles. They never gripe. Howard Gardner.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

To cure piles, strike at the root—that's the way. DeWitt's Witch Hazel Salve strikes at the root—it removes the cause, quickly and permanently. Don't squander time and money trying to remove the effects. Howard Gardner.

Wig—"What induced your friend Slimpurse to go into the clothing business?" Wag—"Oh, he was told there was money in clothes." Wig—"Well, I can't see it; there's never any in mine."

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles, coughs, colds, croup, whooping-cough, la grippe and pneumonia. Howard Gardner.

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

MRS. S. M. IDOL.

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—MRS. S. M. IDOL, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once It proved to be one of the very best medicines we ever had in the houses. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by C. E. Holton, druggist.

Hon. Armistead Burwell, of the local bar, welcomed the assembly and his address was responded to by Rev. George E. Kirby, president of Weaverville College, after which Rev. Dr. Alexander Sprunt delivered an address on the motion of this assembly:

"More and better Bible study."

Many prominent ministers of various denominations are here.

Miss Nannie Webster, of Winston, gave a delightful "at home" in that city last night in honor of her friend Miss Jennie Tatum, of this city, who is visiting her. It was attended by about thirty young people and a most pleasant evening was spent from 8 to 12 o'clock.

Mr. W. R. Rankin, of the progressive clothing house of Rankin, Chisholm, Stroud & Rees, is taking a few weeks off for much needed rest and is spending his vacation at the Bedford Alum Springs, of Virginia. Will Rankin, as he is popularly known to the town and by his host of friends, has for the past several years identified himself closely with his work, and it is due to his close attention to business that his health is slightly impared, but a few weeks rest will work him good as new and you may expect to see him back hustling with the boys for his share of the generous patronage which he has so long enjoyed. Will is one of the pioneer clothiers of Greensboro.

A Handsome Restaurant.

One of the neatest lunch rooms ever fitted up in Greensboro is the one just opened by W. F. Clegg in the rear of Clegg's hotel. A Telegram man was called in there this morning to marvel at its beauty and, by the way, to partake of a refreshing drink from the soda fountain. Mr. Clegg tried himself when he arranged the fixtures. The back of the room is a solid row of handsome mirrors and fifteen convenient, stationary seats are arranged along by the counter. The place is directly across the street from the new depot and is in keeping with the elegance of that structure.

Gray Still at Large.

A telephone message to the Telegram from Winston this afternoon states that "General" Hawkins, the colored man shot on the firemen's excursion Monday night, is getting along nicely and will recover. Hawkins had charge of the refreshment car and Gray, who was drinking, was caught in the act of taking things without paying for them and the fight ensued It has been reported to the Winston police that Webb King, an assistant in the refreshment car, was also shot in the leg. His injury is not considered serious Gray has not been apprehended.

To be sold at cost. Thacker & Brockmann offer sixty-three pairs of infants, children and Misses tan and chocolate sandals and oxford ties at cost. There is nothing the matter with these sandals and oxfords except that too many were bought and this cost sale is to reduce the stock while the goods are right in season.

WILL MOVE TO MT. AIRY.

De Wolff & Christian, The Fruit Dryers to Leave Greensboro.

Mr. Paul De Wolff, of De Wolff & Christian, who conducted a fruit drying business in the old McMann factory building last year, has returned to Greensboro and we are sorry to state, is making preparations to remove his company's fruit drying plant to Mt. Airy, where it will be operated next season. The fruit growing industry around Greensboro is not sufficient to demand a drying plant and Messrs. De Wolff & Christian move to larger fields.

Fruit growing is one of the chief industries of the farmers in the section around Mt. Airy, and the facilities for drying not being sufficient, most of the apples, etc., are shipped away green. This plant will fill a long-felt want there and the Telegram wishes them success.
